

**D.A.V. MODEL SCHOOL, SECTOR 15A, CHANDIGARH**

**NOTICE**

**PREVENTION AND CONTROL OF DENGUE**

Dear Parents,

This is to bring to your notice that the season for vector borne diseases is in full swing, we request you to follow the preventive measures for these vector borne diseases at your respective ends in minimizing the Dengue by doing simple things.

1. By not allowing water to stagnate in and around houses in containers
2. If we have to store water then cover it properly with tight lids
3. Check, clean, dry, scrub and refill the desert coolers
4. Check bird bath tubs, pots, vases, trays under refrigerators etc.
5. Do not store solid waste on the roof to avoid mosquito breeding in rain water
6. Use full sleeved cloths
7. Use repellents, mosquito nets, wire meshes on doors and windows
8. Use full sleeved cloths
9. Use repellents, mosquito nets, wire meshes on doors and windows
10. Motivate others

Dengue is preventable but if it is ignored it may be fatal. Timely diagnosis and treatment can prevent valuable lives.

Regards
