The safety of the students is of utmost priority to us. The parents of the non-bus users are advised to strictly adhere to all the rules laid down by the Supreme Court. They must ensure that the driver has a valid license or permit, the antecedents of the driver are thoroughly checked and his police verification has been done. As it was earlier suggested a parent escort must accompany the children commuting by vans. They should ensure that their wards are dropped between 7.25 a.m. and 7.40 a.m.

We solicit your co-operation in our pursuit of providing a safe and congenial learning environment to students.

We wish you and our dear students a rejuvenating vacation and seek your co-operation in making it constructive and productive holidays for them.
