

KB DAVians Outshine in BRICS Math Competition

With the aim to develop students' Logical Reasoning Skills and cultivate their interest in Math, The Central Board of Secondary Education provided the schools with a platform to make their students participate in the BRICS Math Online Competition. 40 students from Class 10 Participated in the Online Competition. The tasks were given in the form of a game which made the learning process more interesting and effective.

It is a matter of pride for the school that 7 students have received Achievement Certificates for finishing the preparation of the BRICS Math Competition scoring 100 points out of 100.

Manya Jain has made the school beam with pride as she has received an Achievement Certificate for High Results in Game Addition.

The achievers are looking forward to Trial Round which will give them an opportunity to practice before the Main Round.

School wishes them Good Luck for the Future!
