

Sushant - You will be Remembered Forever...

KHMS loses its star student today. A non- medical student of 2003 batch, Sushant Singh Rajput was brilliant student and an all rounder whose favourite subject was Physics, so much so that he won accolades in the National Physics Olympiad.

A bright student who imbibed praiseworthy values of humility , helpfulness and care for everyone. A vibrant personality, Sushant enjoyed many interests and was always ready to try his hand at new things. Sushant was deeply interested in astronomy and enjoyed reading about astronomy research. He was an avid reader.

His vibrant smile earned him a lot of friends. He was a hardworking and talented boy.

He secured a place at the Delhi College of Engineering. He left Engineering to follow his passion in acting in the television and film industry.

He loved the school so much that when he visited school along with MS Dhoni for the promotion of the film M.S. Dhoni, he went round the whole school reviving his memories, pointing out his classroom, he visited the labs. He remembered the antics he got up to with his class mates.

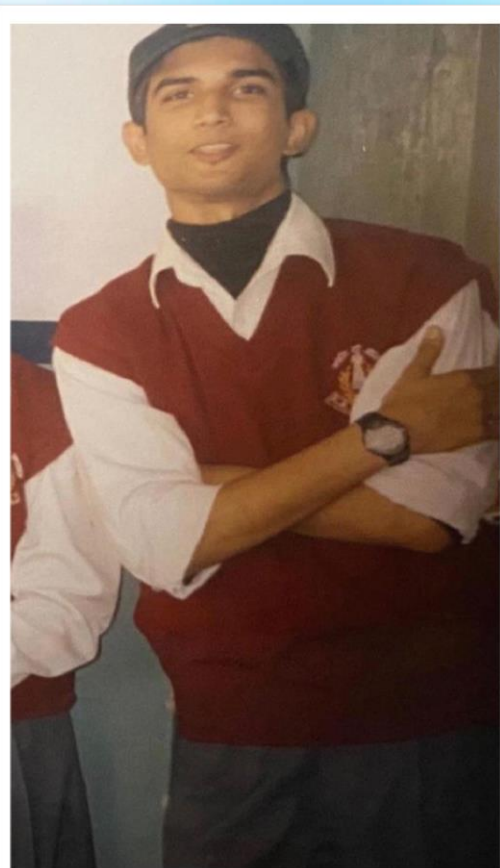

He vividly recalled every detail of his school life, asked for his teachers by name, relished the canteen samosa. His energetic personality had everyone in raptures.

His life and the roles he enacted in MS Dhoni, Chichore and the latest Netflix movie Drive were truly those of a great actor and a star.

Sushant Singh will always be our special Star.

Kulachi Hansraj model school family will always adore him.

Millions will miss you Sushant !!

Millions will miss you Sushant !!
